

CLARENDON COLLEGE
VOCATIONAL NURSING
VNSG 1226 - GERONTOLOGY

Division of Workforce:

Course Name: VNSG 1226 Gerontology

Credit Hours: 2 Hours

Contact Hours: 32 Hours

Semester: 2025

Classroom Location:

Pampa - Center: 1601 W. Kentucky, Pampa, 79065 - Room 101

Phone: (806) 660-2014 Pampa

Childress Campus: 1902 Ave G NW, Childress, TX 79201 - Mesquite Room

Phone: (940) 937-2201 Childress

Instructors: Toni Broom

Pampa Campus: , RN

Office Location: Auvenshine Bldg. 1601 W. Kentucky Ave., Pampa, TX 79065

Phone: (806) 665-8801 ext. 141

Email: Toni.Broom@clarendoncollege.edu

Childress Campus: Alicia Hunter, RN

Office Location: 1902 Ave G NW, Childress, TX 79201

Phone: (940) 937-2201

Email: alicia.hunter@clarendoncollege.edu

Office Hours: As posted or by appointment.

Clarendon College COVID-19 Updates: Please click the following link to become informed about our campus responses to COVID-19: <https://www.clarendoncollege.edu/CoronavirusUpdate>

Course Description: Overview of the physical, psychosocial, and cultural aspects of the aging process. Addresses disease processes of aging. Exploration of perceptions toward care of the older adult; identify common, overt, actual, and/or potential primary health care needs of the older adult client.

Statement of Purpose:

VNSG 1226 Gerontology partially satisfies the requirement for the vocational nursing certificate at Clarendon College.

Audio/Video/Photography/Distribution of Course Materials:

All course materials are only for the use of students enrolled in this course for purposes associated with this course. Audio/Video recording or photography of courses in session is strictly prohibited by students unless previous permission has been granted by the faculty. Duplication and/or distribution of any classroom materials via print, email, or other electronic means to individuals who are not currently enrolled in this course are prohibited.

Electronic Communication:

Clarendon College Allied Health Department faculty and staff will send official correspondence to a student via Microsoft TEAMS or e-mail using the student's e-mail address as assigned by Clarendon College. Faculty, students, and staff are expected to use their Clarendon College Microsoft TEAMS or bulldog e-mail address for all official communication.

Syllabus Disclaimer:

Although every effort will be made NOT to change schedules, unforeseen events may cause changes to the scheduling of campus classes/labs/activities, exams, etc. Class topic and exam schedule may change with notice. Faculty reserve the right to make any changes deemed necessary to best fulfill the course objectives. Students registered for this course will be made aware of any changes in a timely fashion using reasonable means of communication. It is the responsibility of each student to know what changes if any, have been made to the provisions of this syllabus and to successfully complete the requirements of this course.

***Syllabi/Schedules subject to change.**

End-of-Course Outcomes: (WECM)

1. Describe the aspects of aging; discuss disease processes associated with aging; and
2. Identify perceptions related to care of the older adult.
3. Discuss the older adult client related to physical, mental, and emotional changes associated with the aging process
4. Describe the psychosocial, growth and development, and physiological needs of clients across the life span
5. Identify the basic interventions to support the client and family during life stages including death and dying.

Course Outcomes (DEC):

The DEC competencies are fully integrated throughout the curriculum for the VN student. The DEC competencies relate to the entry level skills each student will acquire as they relate to the working world and the competencies required by the Texas Board of Nursing.

Learning Outcomes: (DEC)

I. Member of the Profession:

- A. Function within the nurse's legal scope of practice and in accordance with regulation and the policies and procedures of the employing health care institution or practice setting.
- B. Assume responsibility and accountability for the quality of nursing care provided to patients and their families.
- C. Contribute to activities that promote the development and practice of vocational nursing.
- D. Demonstrate responsibility for continued competence in nursing practice, and develop insight through reflection, self-analysis, self-care, and lifelong learning.

II. Provider of Patient-Centered Care:

- A. Use clinical reasoning and knowledge based on the vocational nursing program of study and established evidence-based practice as the basis for decision-making in nursing practice.
- B. Assist in determining the physical and mental health status, needs, and preferences influenced by culture, spirituality, ethnicity, identity, and social diversity of patients and their families, and in interpreting health-related data based on knowledge derived from the vocational nursing program of study.
- C. Report data to assist in the identification of problems and formulation of goals/outcomes and patient-centered care plans of care in collaboration with patients, their families, and the interdisciplinary health care team.
- D. Provide safe, compassionate, basic nursing care to assigned patients with predictable health care needs through a supervised, directed scope of practice.
- E. Implement aspects of the plan of care within legal, ethical, and regulatory parameters and in consideration of patient factors.
- F. Identify and report alterations in patient responses to therapeutic interventions in comparison to expected outcomes.
- G. Implement teaching plans for patients and their families with common health problems and welldefined health learning needs.
- H. Assist in the coordination of human, information, and physical resources in providing care for assigned patients and their families.

III. Patient Safety Advocate:

- A. Demonstrate knowledge of the Texas Nursing Practice Act and the Texas Board of Nursing Rules that emphasize safety, as well as all federal, state, and local government and accreditation organization safety requirements and standards.
- B. Implement measures to promote quality and a safe environment for patients, self, and others.
- C. Assist in the formulation of goals and outcomes to reduce patient risks.
- D. Obtain instruction, supervision, or training as needed when implementing nursing procedures or practices.
- E. Comply with mandatory reporting requirements of the Texas Nursing Practice Act.
- F. Accept and make assignments that take into consideration patient safety and organizational policy.

IV. Member of the Health Care Team:

- A. Communicate and collaborate in a timely manner with patients, their families, and the interdisciplinary health care team to assist in the planning, delivery, and coordination of patient-centered care to assigned patients.
- B. Participate as an advocate in activities that focus on improving the health care of patients and their families.
- C. Participate in the identification of patient needs for referral to resources that facilitate continuity of care, and ensure confidentiality.
- D. Communicate patient data using technology to support decision-making to improve patient care.
- E. Assign nursing activities to LVNs or unlicensed personnel based upon an analysis of patient or work place need.
- F. Supervise nursing care by others for whom the nurse is responsible.
- G. Assist health care teams during local or global health emergencies or pandemics to promote health and safety, and prevent disease.

1 – Member of the Profession					

SCANS COMPETENCIES:

The individual SCANS Foundation Skills and competencies have been identified and are located on file in the nursing office. Demonstration of SCANS is documented by the student's ability to provide evidence that the skill has been mastered.

Required Instructional Materials: Textbook:

Williams, P. A. (2019). *Basic geriatric nursing* (7th ed.). Elsevier.
ISBN: 978-0-323-55455-8

Other Relevant Materials:

Pens, pencils, paper, highlighters, laptop, ATI, Nurse Practice Act, Scantron answer sheets, Nurse Practice Act, and Scope of Practice.

Methods of Instruction:

Lectures	Required Reading	Written Assignments	Quizzes
Classroom Discussions	Small Group Work	Audio-Visual Aids	Demonstrations
Return Demonstrations	ATI Modules	Projects	Concept Maps

*Lectures may be in-class, via zoom, or recorded and uploaded to TEAMS.

Student Requirements:

1. Professional behavior is expected of all nurses entering the work field.
2. Students will be expected to demonstrate professional behavior by being respectful of others in the course, attending all classes, and actively participating in this learning opportunity.
3. Students are responsible for all assignments and material covered in their absence.
4. Assignments: See course schedule of individual instructor.
5. Students are expected to be self-directed independent learners throughout the semester.

Requirements and Evaluation Methods:

EXAMS	PERCENTAGE
Exam 1	20%
Exam 2	20%
Exam 3	20%
Exam 4	20%
Final Exam	20%
TOTAL for COURSE GRADE	100%

Grading Scale:

The following grading scale is utilized for the LVN Nursing Program:

A	90-100
B	81-89
C	78-80
D	68-77
F	Below 67

Students must achieve an overall course grade at or above 78 to pass all courses in the vocational nursing program.

1. All grades will be posted by the instructor on the Clarendon College online grade book.
2. Grades **will not** be given out by phone, email, or text.

3. ***THERE ARE NO OPTIONS FOR EXTRA-CREDIT WORK OR REPEATING EXAMS OR PAPERWORK TO RAISE COURSE GRADES, EITHER DURING OR AT THE END OF A COURSE.***
4. No late work will be accepted
5. Refer to individual course syllabi for additional grading criteria.
6. Failure of a total of any two (2) nursing theory courses, two (2) nursing clinical courses, or any combination thereof equaling two (2) courses will result in ineligibility for transfer, admission, or readmission to Clarendon College's Professional Nursing Program at any campus.

Rounding Policy:

In order to successfully complete a nursing course and progress in the nursing program, students are required to achieve an exam average of 78% or greater. The exam average will include all unit exams and the final exam. Students not attaining a major exam average of 78% or greater will not pass the course. Students must achieve a final overall course grade of 78% to pass any VNSG course in the nursing program. Each quiz/exam/project grade will be calculated to two decimal points. At the end of the semester, actual percentages will be used to determine letter grades.

*****NOTE: GRADES WILL NOT BE ROUNDED.*** (Example: A grade of 77.5 to 77.99 will not be considered as passing).

Ticket to Test and/or Class:

Students will be required to complete specific assignments and/or ATI modules or assignments that must be completed by the designated due date and time. Students are required to complete, print, and bring to their instructor as their ticket to test and/or class. The student's ticket to test and/or class is required to be permitted to sit for the scheduled examination and/or class.

Student Testing Policy:

1. Exam schedules will be given to students at the beginning of the course each semester;
2. Examination attendance: Examinations will be given on dates noted on the course syllabus and course schedule. If a student cannot attend an examination, the course instructor/professor must be notified at their office number, Microsoft TEAMS, or by email ***before the examination begins***. It is the student's responsibility and a requirement to notify the instructor/professor in advance of any absence.
3. On examination days no late entry into the classroom or laboratory will be permitted to eliminate distractions for other students. In the event a student is going to be late they must notify their course instructor/professor through Microsoft TEAMS or by e-mail ***before the examination begins***. The student will receive an absence for the course for the day. It is the student's responsibility to contact the instructor to reschedule their make-up exam. The instructor has the discretion to administer a different version of the exam content.
4. Make-up exams will only be given at the discretion of the faculty member and can be a different version or alternate format than the scheduled exam.
5. All major exams include multiple-choice and alternate format questions based on the NCLEX-PN Test Plan;

6. All exams are timed; the Time allotted for a Final Exam is two (2) hours and will follow Clarendon College's policy.
7. Assigned seating may be used during any exam;
8. Grades will be available within one week following an exam;
9. Basic function calculators will be provided for exams with dosage calculation questions;
10. If the exam is given in paper format: SCANTRON™ forms and exam booklets are turned in to the proctor who is monitoring the exam and will be counted at the end of the testing period. Students must NOT remove exams from the testing room; the answer recorded on the Scantron™ will be the official answer sheet or submitted electronically if the test is a computerized test;
11. If the exam is given in electronic format, the student will need to bring a laptop or utilize a laptop/computer from Clarendon College. The device utilized will need the capability of connecting to the internet. It is the student's responsibility to ensure the device is charged or plugged into a power source during the duration of the examination.
12. Scratch paper, if used, will be provided by the instructor/professor and must be turned in immediately following the exam;
13. Classroom exam reviews will be conducted at the discretion of the faculty. Students will not be allowed to take any notes during the review, and all personal belongings must be left at the back of the classroom;
14. Students who score an eighty (80) or below will need to schedule an appointment with their instructor to complete a Student Action Report and be assigned required remediation.
15. Individual review of exams by a student with the instructor/professor must be scheduled within one (1) week of the exam being administered. Individual test reviews will be performed only in the faculty member's office. Students may review only the most recent test (In other words, exam one (1) cannot be reviewed after exam two (2) has been administered). Review of all tests taken by a student at one time will not be allowed;

Test Taking Etiquette

1. Arrive at least 15 minutes early to prepare for the exam so that it may begin on time;
2. All belongings (book bags, books, caps, hats, purses, study guides, beverages, etc.) must be stored at the back of the classroom 10 minutes before the exam, this will allow the exam to begin on time;
3. You are not allowed to wear a cap, hat, or sunglasses during testing situations;
4. The student may have only a pencil during the testing period;
5. After the exam begins, there will be absolutely NO talking;
6. When you are finished with your exam, please submit the test and answer sheet to the proctor and quietly leave the room. **Do not re-enter the classroom until all students have completed the exam;**
7. Leave the classroom area – **DO NOT** congregate outside the classroom door; remain quiet as not to disrupt the classroom area.
8. It is the responsibility of all students to maintain test security. Do not discuss test content in the presence of students who have not tested. Students who have not tested are expected to remove themselves from the area if such conversations occur.

Remediation:

Remediation will be required for students scoring an eighty (80) and below on Exams 1-4.

Remediation will be determined by the Course Instructor with consideration to the student's individual needs. It is the student's responsibility to schedule an appointment with their instructor to complete a Student Action Report and assigned required remediation. Remediation is the responsibility of the student and must be completed by the date assigned.

Attendance:

Regular attendance and consistent study habits are essential to success in college and are expected of all students. Absences are defined as time away from classroom teaching, clinical laboratory, clinical, or clinical simulation of greater than 15 minutes. It is the responsibility of the student to consult with all instructors when an absence occurs. The student will notify the instructor each day the student will not be in attendance for class, lab, or clinical.

To evaluate attainment of course objectives, students are expected to attend and participate in all scheduled classroom/clinical experiences. Failure to meet course objectives, due to lack of attendance, will result in unsatisfactory evaluation, and may result in failure of the course.

Absence Policy:

Absences are defined as time away from classroom teaching, clinical laboratory, clinical, or clinical simulation of greater than 15 minutes;

1. Any absences more than two absences or any class absences in excess of two absences in one semester will be grounds for dismissal.
2. Documentation of an absence must be submitted by the student immediately upon return or prior to if expected absence (**see Documentation of Student Action Report Form*);
3. If a student is to be absent from class or clinical, the student must notify his/her instructor thirty (30) minutes prior to the start of the scheduled experience. Notification will occur according to instructor through Microsoft TEAMS. **Tardiness:**

Students are required to be in the classroom and at clinical on time and remain the full time as scheduled. Excessive tardiness is disruptive to the educational process and may result in disciplinary action. Students who have three (3) tardies in an individual course will be counted as one (1) absence. Due process and the right to appeal will be provided to students subject to disciplinary action. Details can be found in the Student Handbook.

1. Tardiness: Defined as time away from classroom teaching and/or clinical laboratory/simulation teaching for up to 15 minutes. This includes:
 - a. arriving late in the morning;
 - b. returning late from provided breaks and lunch periods; and
 - c. Leaving early.
2. In order to prevent class disruptions, the course faculty member(s) may prohibit tardy students from entering the classroom or laboratory until the next break occurs.

Student Academic Integrity and Classroom Ethics:

Failure to comply with lawful direction of a classroom instructor is a disruption for all students enrolled in the class.

Cheating violations include, but are not limited to:

- (1) obtaining an examination, classroom activity, or laboratory exercise by stealing or collusion.
- (2) discovering the content of an examination, classroom activity, laboratory exercise, or homework assignment before it is given.
- (3) using an unauthorized source of information during an examination, classroom activity, laboratory exercise, or homework assignment.
- (4) entering an office or building to obtain unfair advantage.
- (5) taking an examination for another person.
- (6) completing a classroom activity, laboratory exercise, homework assignment, or research paper for another person.
- (7) altering grade records.
- (8) using any unauthorized form of electronic communication device during an examination, classroom activity, or laboratory exercise.
- (9) Plagiarism. Plagiarism is the using, stating, offering, or reporting as one's own, an idea, expression, or production of another person without proper credit.
- (10) Students are required to dress in a manner as deemed appropriate for the classroom setting and should not disrupt the learning process.

Disciplinary actions for cheating or plagiarism in any course are at the discretion of the individual instructor. The instructor of that course will file a report with the Director of Nursing and/or the Dean of Students when a student is caught cheating or for plagiarism in the course, whether it be a workforce or academic course. The report shall include the course, instructor, student's name, and the type of cheating involved. Students who are reported for cheating or plagiarism to the Director of Nursing and the Dean of Students more than once shall be disciplined by the Dean. The Dean will notify all involved parties within fourteen days of any action taken.

American with Disabilities Act Statement:

Clarendon College provides reasonable accommodations for persons with temporary or permanent disabilities. Should you require special accommodations, notify the Office of Student Services (806-8743571 or 800-687- 9737). We will work with you to make whatever accommodations we need to make.

Withdrawal:

If a student decides that they are unable to complete this course or that it will be impossible to complete the course with a passing grade, you may drop the course and receive a "W" on your transcript. Withdrawal must occur on or before the official Withdrawal Date posted by Clarendon College. Withdrawal from a course is a formal procedure that must be initiated by the student. If the student does not go through the formal withdrawal procedure, the student will receive a grade of "F" on their transcript.

Cell Phone Policy, Classroom Etiquette, and Academic Honesty: See Vocational Nursing Handbook for policies.

Student Rights and Responsibilities are listed on the College website at:
<http://www.clarendoncollege.edu/Resources/Student%20Services/StudentRightsResponsibilities.pdf>

For students in this course who may have a criminal background, please be advised that the background could keep you from being licensed by the State of Texas. If you have a question about your background and licensure, please speak with your instructor or the Vice President of Academic Affairs. You also have the right to request a criminal history evaluation letter from the applicable licensing agency.

WEEK	COURSE OBJECTIVES	CONTENT OUTLINE	LEARNING ACTIVITIES
1	Introduction to the Course <u>LECTURE: (Read Chapters Before Class)</u> Chapter 1: Trends and Issues A. Describe the subjective and objective ways that aging is defined. B. Define ageism. C. Examine the role of nurses in dealing with an aging family. D. Identify the different forms of elder abuse. Chapter 2: Theories of Aging A. Describe how theory is different than fact. B. Describe the relevance of theory to nursing practice.	A. Trends and Issues in nursing. B. Attitudes towards aging. C. Age Discrimination. D. Abuse and Neglect. A. Differentiate among urologic problems and the nurse's role B. Common urinary problems	Lecture Discussion Case Studies

2	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 3: Physiologic Changes A. Describe the most common structural changes observed in the normal aging process. B. Describe the most commonly observed functional changes that are part of the normal aging process. C. Discuss the impact of normal function changes on the older adult's self-image and lifestyle.	Describe the most common structural changes observed in the normal aging process. A. changes observed in the normal aging process. Discuss the impact of normal structural changes on the older adult's self-image and lifestyle. - B.	Lecture Discussion Case Studies
	Chapter 4: Health Promotion, Health Maintenance, and Home Health Considerations A. Describe recommended healthmaintenance practices and explain how they change with aging. B. Describe how health maintenance is affected by cognitive and sensory changes.	Health Maintenance and Promotion in the Older Adult A.	
3	Ticket to Test Required EXAM 1 – CHAPTERS 1-4		EXAM

4	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 5: Communicating with Older Adults A. Identify communication techniques that are effective with older adults B. Define empathetic listening. ATI Assignments – Nurse's Touch Professional Communication: Types of Communication	Communication Techniques with Older A.	Lecture Discussion Case Studies ATI Assignments
5	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 6: Maintaining Fluid Balance and Meeting Nutritional Needs A. Discuss the components of a healthy diet for older adults. B. Examine age-related changes that affect nutrition, digestion, and hydration.	Concept: Nutrition Concept: Fluid and Electrolyte Balance A. B.	Lecture Discussion Case Studies

	C. Describe methods of assessing the nutritional status and practices of older adults. Chapter 7: Medications and Older Adults A. Identify factors that increase the risk of medication-related problems. B. Discuss the reasons each of these factors increases health risks for the aging person. C. Explain specific precautions that are necessary when administering medication to older adults in an institutional setting.	Medications and Older Adults A. Information that should be provided to older adults regarding medications.	
6	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 8: Health Assessment for Older Adults A. Identify different levels of assessment. B. Discuss the importance of thorough assessment. Chapter 9: Meeting and Safety Needs of Older Adults A. Explore the types and extent of safety problems experienced by the aging population B. Discuss interventions that promote safety for older adults.	Different levels of assessment for the older adult client Health Assessment A. B. Meeting and safety needs of older adults. A.	Lecture Discussion Case Studies
7	Ticket to Test Required EXAM 2 Chapters 5-9		EXAM

8	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 10: Cognition and Perception A. Describe normal sensory and cognitive functions. B. Examine the effects of disease	A. Cognitive Function	Lecture Discussion Case Studies
---	--	------------------------------	--

	processes on perception and cognition.		
--	--	--	--

	SPRING BREAK		
--	---------------------	--	--

9	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 11: Self-Perception and Self Concept A. Describe how aging can affect self-perception and self-concept. B. Describe nursing interventions related to self-perception and self-concept of older adults. Chapter 12: Roles and Relationships A. Describe normal roles and relationships. B. Identify older adults who are most at risk for experiencing problems related to changes in roles and relationships. Chapter 13: Coping and Stress A. Describe how aging can affect self-perception and self-concept. B. Identify older adults who are most at risk for experiencing stress-related problems	A. Emotion B. Mood and Affect A. Roles and Relationships in the Older Adult A. Emotion B. Coping and Stress Tolerance	Lecture Discussion Case Studies
---	---	---	--

10	Ticket to Test Required Exam 3 Chapters 10-13		Exam
11	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 14: Values and Beliefs	A. Values and Beliefs of the Older Adult. B. Methods of assessing beliefs and values.	Lecture Discussion Case Studies

	A. Develop understanding of the impact of personal values and beliefs on everyday life. B. Describe methods of assessing beliefs and values. C. Identify older adults at risk for experiencing problems related to values and beliefs Chapter 15: End of Life Care A. Discuss personal and societal attitudes related to death and end-of-life planning. B. Describe nursing assessments and interventions appropriate to end-of-life care. C. Describe the stages of grief. Chapter 16: Sexuality and Aging A. Develop an understanding of the impact of age on sexuality. B. Identify the older persons at risk for experiencing problems related to sexuality. C. Describe nursing interventions for older adults experiencing problems with sexuality.	Nursing care during end of life. Stages of Grief. A. B. Sexuality and Reproduction of the Older Adult A.	
12	GOOD FRIDAY - No Class		

13	<u>LECTURE: (Read Chapters Before Class)</u> Chapter 17: Care of Aging Skin and Mucous Membranes	A. B. Tissue Integrity Safety	Lecture Discussion Case Studies
